

NQHA Stallion Service Auction – Stallions that have been paid in per year

If the breeding is sold through the SSA, the stallion is officially paid in for that year. This means that all offspring born two years afterwards can be nominated for the futurity and maturity. The delay is due to the fact that the auction in the fall and the breedings are used in the spring that follows (breedings that have not been sold at the auction can be purchased for that starting bid until April 1st in the year after the auction was held). Below you will find a table that list the SSA year and which stallions were sold in that year. For example: the x in 2019 means that the foals born in 2021 can be nominated.
